VULCAN FORD DEALERS

The Battle of January

January was a momentous month for wheat producers the world over. Canadian farmers had delivered nearly four hundred million bushels of wheat. Argentine and Australia were commencing the delivery of unusually large crops. There was an immense visible supply of wheat. The market commenced to sag. The one optimistic feature in a rather gloomy picture was the Canadian Wheat Pool. Just what the Pool stood for in this candid language by George Broomhall, the British grain authority in "Milling."

"Prices were put down on the plea that Argentine must sell more of her new crop, and, in fact, shippers did put out lower offers, and some Canadian sellers followed the downward lead."

But it was soon found out that the Canadian Pool refused to offer or sell at the lower prices, and, of course, this gave Argentine shippers courage to work for a re-action.

"The action of the Canadian Pool also gave buyers confidence, and they not only found they needed wheat, but that they could pay better rates for it."

"As long as sellers were willing to 'cut' prices, buyers were quite prepared to stand back and let them do still more 'cutting' and quite possibly there might have been a bad slump had not the Canadian pool taken a strong stand."

"The Canadian Pool Managers

certainly deserve credit for courageous handling of a difficult situation, and their action proves that farmer members of the Pool would not agree to low prices at this period of the season.

"The lesson of the price movements of wheat in the past week is that emphasis must be given to the power of strong holders to maintain prices."

"Past experience showed that a crowd of weak holders was almost at the mercy of buyers in times of plenty."

"I think all must now recognize the commanding position of the Canadian Pool, and the readiness of Argentine shippers to follow a strong upward lead."

LOCAL NEWS ITEMS

For Sale, Small Safe cost \$100.00, for \$45.00 at the Royal. Feb 14-31-p

Furnished apartment for rent, with private entrance, at the Royal. Feb 21-21-p

Mrs. Packwood was in Calgary last week, making spring purchases.

Gordon and Wallace McIntyre attended the "Technical" dance at Calgary last week.

Howard Mills, who has been playing senior hockey at Nanton, has returned to Vulcan.

Mrs. Archie Sheffield returned Monday from Vancouver where she has enjoyed a three months' vacation.

Messrs. W. D. Allan and B. R. Lommatzsch represented Samaritan Lodge, No. 91, at the grand lodge sessions in Calgary last week.

Mrs. H. Daines was in Calgary this week as delegate of the Women's Auxiliary of St. Aldehelm's church to the conference which was the most successful in the history of the diocese.

Vulcan Elks have arrangements under way for securing the services of the Elks' concert party, of Lethbridge, to present an entertainment in Vulcan.

The Hart-Parr tractor school in the theatre on Wednesday was a successful affair. Mr. S. G. Stuke, the local agent, was responsible for the demonstration, of which we hope to give details next week.

"Dawn," the special motion picture to be presented at the Vulcan Theatre on Monday next, under the auspices of the local branch of the Canadian Legion, will be shown twice, at 7:00 and 9:15.

We must repeat it: Contributions for these columns must reach us before five o'clock on TUESDAYS. This week we have acceptable contributions from Reid Hill which must be held over until next issue.

A splendid line of Easter Hats on display at the Vulcan Millinery. Also new braids and felts and combinations of the newest materials. Felt and silk hats for the little lady as well as for the older daughters. Please come and inspect.—C. C. Packwood.

The Masonic dance and card party in the I.O.O.F. hall last Friday was a great success. An interesting and novel feature was that every dance was a "lady's choice" and this enlivened the proceedings, by giving the gents no chance to play "wallflower."

LOCAL NEWS ITEMS

There will be no services in St. Aldhelm's church next Sunday, March 3.

Mr. D. D. McQueen went to Calgary on Tuesday evening's train.

Miss Dorothy McQueen of Lethbridge, visited her home here for the week end.

Messrs. A. J. Flood, W. G. Peterson, L. H. Stack and D. C. Jones were business visitors to the oil fields on Tuesday.

Mr. A. L. Burrows, formerly of Vulcan but now of the Oldsmobile Garage, at Edmonton, is visiting his family in town. Many friends here were glad to welcome him.

Wednesday of last week a number of Brant curlers visited Vulcan but, after an enjoyable game, were not able to put it over the locals. They were entertained at the Imperial after play.

The latest auction sale bill to be issued from this office is for 24 head of horses belonging to Mr. A. A. Dawes S.W. 34 30-19-25-4, the auctioneer will be Mr. Rebbe and the sale takes place March 8th.

Vulcan branch of the Canadian Legion, B.E.S.L., is sending three contestants to take part in the amateur boxing championship contest at Calgary on Monday and Tuesday next.

Mr. Frank Jackson is getting the boys into shape, and their names follow: Danny Campbell, Jr., 110 lbs.; Theron Vaughn, 118 lbs.; and Clyde Clark, 160 lbs.

LOCAL REBEKAHS AT CALGARY

Clover Leaf Rebekah Lodge, No. 37, Vulcan, was represented at grand lodge sessions in Calgary last week by Mrs. Mary Hunt and Mrs. Violet Collier, and on Wednesday a degree team consisting of Mrs. E. G. McPherson, degree captain; Mrs. McMillan, N.G.; Mrs. Collier, V.G.; Mrs. Smith, P.G.; and Mrs. Dodds, chaplain; with Mrs. McPherson, Mrs. Fenton, Mrs. Roe, Mrs. Schenck, Mrs. Myers, Mrs. Lockhart, Miss Hoge, Mrs. Clark, Mr. P. Myers, Mr. Doane, Mr. Roebuck, and Miss Grant, took part in the cup competition for degree work with teams from Calgary, Lethbridge and Riley, and won the third award. Mrs. LeBow was the efficient pianist for the degree work.

KIRKCALDY NEWS

Mrs. Shipley who has been visiting with Mrs. Baldwin, returned to her home in Calgary on Saturday.

Mrs. Maivee and family moved to Barons on Monday where they will reside.

Miss Margaret Gardiner spent the week end at the home of Miss K. Colwell.

Mr. and Mrs. Chuigg who have been visiting at Macleod returned on Wednesday.

Mrs. Frank Dunn who has been visiting with her sister in Calgary returned on Monday.

Mr. and Mrs. A. J. Maisey, Mr. and Mrs. Henry Todd, Mr. Simonson and Mr. and Mrs. A. Roebuck are all visiting in Calgary this week.

Messrs. Lorne Maisey and Keith Tuttle who are attending the Technical School, Calgary, spent the week end at the home of their parents.

ELKS' INSTALLATION

Monday evening, Vulcan Lodge, No. 121, B.P.O.E. held an installation, and was honored by the presence of the D.D.G.E.R. Bro. W. D. Ransome of Nanton and about twenty brethren of the Nanton Lodge.

Bro. Ransome installed the following officers of Vulcan lodge for 1929: Past Exalted Ruler: Bro. W. D. Allan, Exalted Ruler: Bro. B.R. Lommatzsch, Leading Knight: Bro. G. W. McAllister.

Lecturing Knight: Bro. James Marshall.

Loyal Knight: Bro. Geo. Marcheseau.

Treasurer: Bro. W. D. Allan, Secretary and Historian: Bro. D. D. McQueen.

Inner Guard: Bro. L. A. McIntyre, Tyler: Bro. Frank Dunn.

Chaplain: Bro. W. W. Mays, Esquire: Bro. Th. Brooks.

Trustee: Bro. J. E. Campbell.

At the close of the installation ceremony Bro. Ransome presented the retiring head of the local lodge, Bro. W. D. Allan, with a past exalted ruler's jewel on behalf of the officers and brethren.

The degree was exemplified by the Nanton lodge, headed by Bro. (Dr.) McKeage. Supper was served to the visitors in the I.O.O.F. hall at six o'clock and was much enjoyed; lunch was also partaken of later when speeches and a sing-song compelled a really successful evening.

UNITED CHURCH NEWS

Rev. J. N. Brunton, speaking at the United Church Sunday morning on Daniel in the Lions Den, thought that God put into Daniel such a spirited force that the lions felt a strange mastery over them. At the creation we read when man was put into the Garden of Eden, he was given dominion over the animal world and throughout scripture from time to time there is a reappearance in psalm and prophecy of this last dominion of man over the brute-world.

Why may we not say then, that when Daniel was cast into the midst of the lions he was filled with the power of God and restored for a while to the lost dominion of man over the animal world.

A large congregation assembled at the evening service to hear Mrs. R. B. McFarland of Los Angeles, who has spent many years in Asia Minor and her vivid description of the life, conditions, habits and religion of the people was most interesting and instructive.

Service as usual next Sunday morning and evening. Special music will be rendered by the choir at the evening service.

CHAMPION GOES AHEAD

Champion's new \$15,000 community hall, one of the finest in the province, was formally opened on Friday of last week. The function was a pronounced success and the 700 or more who flocked to the festivities were surprised and delighted with the appointments and conveniences of the new hall. The building is imposing and is equipped with all modern conveniences. It is strictly a community project but the Elks' lodge were to the fore in furthering the campaign. The opening included a banquet and concert followed by a grand opening ball and supper.

LOCAL ITEMS

Mr. George Buck left on Monday for Norwood, Ontario, to visit his father, who is seriously ill.

Mr. C. C. Totten, who is well known here is relieving at the depot during Mr. Craig's absence.

Miss Mary Bittorf of Calgary, spent the week end with her parents, Mr. and Mrs. Geo. Bittorf.

Mr. O. A. Craig, C.P.R. agent at this point, is visiting his brother in Pennsylvania and while there will take treatment which his many friends hope will restore him to good health.

Elections for councillors for Divisions 3 and 4 in the Municipality of Royal, were held Saturday, when Mr. R. S. Irwin and N. P. Jensen were elected respectively. As stated last week Mr. Alex. Smith was elected by acclamation for Division 5.

The Alberta Pacific Elevator Co., Ltd., is losing no time in replacing the structure recently destroyed by fire. Already three cars of gravel, one of cement, and one of lumber, have arrived, and building operations will commence at once.

The local mixed bonspiel is still providing recreation and amusement for those taking part, and not a little fun for the spectators. New curlers (ladies and gents) are being discovered and keen competition for the prizes offered is being enjoyed.

A number of local curlers visited Blackie on Saturday evening and had a friendly game. Frank Keiver managed to make a tie, but G. Dickinson lost by three points. The visitors much enjoyed the hospitality of the Blackie club.

VULCAN MERCHANTS IN CITY

The annual convention of the Alberta branch of the Retail Merchants Association of Canada, which was finished last week in Calgary was undoubtedly the most successful there has been taken place in the history of the province, and among those in attendance from Vulcan were: Messrs. Simington, Holmes, McLaggan, Allan and Dawson.

Red Deer was cited as the most probable meeting place for the delegates at next year's annual convention.

ERNIE GRANLIN DEAD

Popular Vulcan Young Man Passed Away Saturday

Much regret was expressed on Saturday when it became known that Ernest Cornell Granlin had passed away, the cause of death being heart trouble.

Ernie was born at McCluskey, North Dakota, on January 15th, 1910 and was therefore just more than 19 years of age.

With his parents, Mr. and Mrs. Albert Granlin, he has been a resident of Vulcan for some time and has been popular with his associates in work, as well as in sport until ill health prevented him taking part in the latter.

The funeral took place on Monday afternoon from the United Church, Rev. J. N. Brunton officiating, and friends of the deceased acting as pall bearers. The service was large attended and many lovely floral tributes spoke of regard for deceased and sympathy with his sorrowing parents and family.

UNION JACK NEWS

Don't forget the C. G. I. T. St. Patrick's dance at Union Jack school on March 15.

The Young friends of Mr. Dick Broderick and Mr. Vaux Payne spent a pleasant evening at the home of Mr. C. Brodrick on Thursday, February 21.

Tuesday, February 19th, a social evening was held at Union Jack school under the auspices of Sunday school. First of all hymns were practiced, then games were played, after which was served a delicious lunch, and a happy crowd dispersed to their respective homes.

LAST NIGHT'S HOCKEY

Last night the Lethbridge Vets came up to play a return game with the locals, and a good crowd was in attendance.

The first period was pretty slow at the start, owing to the sticky ice. The Vets scored first, but Cecil Wray soon brought the score to a tie.

The second period was a little brighter and a better brand of hockey was put up. Ferguson and Marshall came on as usual with some splendid performance, but the Lethbridge boys were too heavy for them. The score at the end of the second period still remained a tie, 3 to 3.

In the last period Lethbridge showed much better combination, and made three forward line rushes, scoring each time. Vulcan came back with one more goal, and the game ended 6-4 in favor of the visitors.

Vulcan line-up: Love, goal; Leverington and Wray, defence; Wm. Kaiser, Neilson, Shorty Mills, McDonald, Ferguson and Marshall, forwards.

Lethbridge line-up: Yorke, goal; Wilson and Francis, defence; Garrett, McLagan, Slovinsky, Bolds, Hodges, Watt and Henderson, forwards.

Vulcan hockey team journeyed to Lethbridge last week to try conclusions with the Vets of Lethbridge.

The game was witnessed by one of the biggest crowds which have turned out for a game there this season and while it could not be called a wonderful display, fans were aroused to some of their old-time interest when personal battles were waged.

Rainbows and horseshoes covered the shoulders of young Love, net minder for the visitors and he was instrumental in keeping the odds against his team down to a minimum. Time and again Slovinsky, Wilson and Garrett worked through the team with the goalie to beat, but the latter proved he was unbeatable. He took shots from all angles, and when fans consider that he is only a youngster, and that he put on the blades for the first time last winter, they will understand why so much credit is due him.

In the last frame Vulcan depended upon two likely-looking youngsters, Ferguson and Marshall, these "kids" pressing the play and worrying the locals where in many instances the Vets would have scored. Wray, however, was the outstanding regular on the team, a beautiful stick-handler and a dead shot.

The line-up was as follows: Vulcan—Love, goal; Wray, Leverington, defence; Marshall, Ferguson, McDonald, forwards; Miller, Recor, Neilson, subs.

VULCAN LADIES' SUCCESS

The Vulcan rink was very successful at the Canmore ladies' bonspiel last week, winning first prize in the Latimer event and second in the Young; playing seven winning games out of eight.

Mrs. Errett King was the skip of the local lady curlers and was ably supported by Mrs. P. Beardsley, 3; Mrs. W. G. Peterson, 2; and Mrs. P. McAskie, lead.

This is the largest 'spiel ever attended by the Vulcan ladies, and comprised 16 rinks from Cochrane (2), Banff (4), Canmore (4), Calgary (6), and Vulcan (1).

The ice was good for most of the games, and Vulcan's representatives speak of the wonderful hospitality of the Canmore people as the most important part of a most enjoyable occasion.

WOMEN'S INSTITUTE

The district conference of the Women's Institutes of Southern Alberta will be held in Medicine Hat on March 6th and 7th next.—Mrs. W. Smith will represent the Vulcan Institute and Mrs. Gordon McKay will attend on behalf of Reid Hill.—Mrs. A. T. Martin, constituency convenor for Little Bow, will report for the institutes in the constituency. Mrs. Jack Marshall, district secretary, also expects to attend.

CHURCH OF CHRIST NOTES

We wish to express our appreciation for the fine hearing we received both at Reid Hill and in the Vulcan church last Lord's Day. It was a great day in each place. It is to be hoped that next Lord's Day will be as good. In the morning of March 3rd, Bro. Jack Deans will speak. Then he will lead the Bible school in another effort to build higher and better for future work. The young folks will meet at 7:15 for their devotional meeting.

At 8:00 the evangelistic service, great song service, followed by the sermon, subject "Seven Devils" Don't be afraid to come. The Devil is always at every religious service to keep his eye on the movement's of the Lord's work but we still fight him and I think it will be some fight to bring seven of them out at once but we are not afraid, but we can handle them. It is yours to come and see. Special music. The minister will bring as a solo, "The Hand Writing on the Wall." Pulpit is invited.

RUSHFIELD-MCGINNIS

A quiet but pretty wedding took place at the home of the bride's parents on Tuesday, February 12, at 2 p.m., when Bertha, youngest daughter of Mr. and Mrs. A. E. McGinnis, became the bride of Joseph Rushfield, son of Mr. and Mrs. Rushfield, of Vulcan, Alberta. The bridesmaid was her sister, Miss Edna McGinnis and the best man, Arnold Rushfield. The ceremony was performed by Rev. James Dorrian in the presence of immediate relatives only. Mr. and Mrs. Rushfield left on the afternoon train for Edmonton, where they will in future reside.

VULCAN COPS JEWELRY

The Little Bow bonspiel last week, was one of the most successful events in the history of this competition sponsored by the Little Bow Curling Association. Barons, Carmangay, Vulcan, Brant, Blackie and Champion were all represented with their complement of two rinks each. From the first the games were well contested and there were many close contests. The finals in both the Brewery and Burns events went thirteen ends to a conclusion. The winners were as follows: Brewery: 1st, McMillan, Barons; second, Lebeau, Vulcan; Burns: 1st, Webster, Carmangay; 2nd Anderson, Blackie. The first event in this bonspiel has been won by every club in the association, while Vulcan has the credit of coping the jewelry twice.

SPEAKS AT CAPITAL

Dr. A. C. Rutherford, chancellor of the University of Alberta, presided at a banquet in Athabasca Hall, Edmonton last week, given by the short course students of the faculty of agriculture of the university. Other speakers were Dr. R. C. Wallace, president of the university, Mr. H. A. Craig, deputy minister of agriculture, Mr. Hagerman of Vulcan, who spoke for the students as southern representative, and others.

A man writing to a newspaper, tells of the old-fashioned horse-power with the tumbling rods and the old-fashioned separator, which he says was the pioneer threshing outfit in this country. In the bright lexicon of his youth there is no such word as flail.

NO LOCALITY IS IMMUNE FROM WINDSTORM

You might possibly prevent a fire, but you cannot control a windstorm. The cost of windstorm insurance is so small that no one should be without it. You have read of the recent heavy losses in Alabama. What if that should happen here? We write windstorm insurance in the leading companies.

TRIBUTE TO TURNER VALLEY

It is not so long ago that the Toronto Saturday Night was inclined to view Turner Valley oil field as a freak. It was pronounced by them as a field of wasteful past and an unproductive future. However, this influential organ has altered its opinion and in a recent issue devoted generous space to illustrations of the district, and it describes Turner Valley as "The Empire's greatest producing oil field." Coming from the Saturday Night it is without doubt a wonderful but true tribute to a field that is proven to be without equal.

Saturday Night declares there is very wide interest in the progress of the field and other oil districts in Alberta and says the prospects for increasing the output in Turner Valley are very bright. It estimates the present annual revenue at \$3,136,000 and continues:

"Consideration of the number of wells now drilling and the additional acreage available for drilling gives some idea of the magnitude and potentiality of the Turner Valley oil field. Each year the field is taking on a more settled and permanent aspect as increasing developments of a constructive character takes place there, reflecting growing confidence in its potential wealth. Developments are on a steadily ascending scale, and the Turner Valley is yet in its youthful days. The utmost faith exists in a great future."

THEY MUST ADVERTISE

During this year the F. W. Woolworth company, conducting a great chain of retail stores throughout North America, will spend \$3,000,000 on newspaper advertising. It is the first time in the history of the company that any such action has been taken. The ordinary citizen, if he thought of it all, doubtless concluded that the company was so well known that advertising on a national scale would simply be a waste of money. The same men who have made millions out of nickels and dimes are the ones who have decided on this expenditure. They are astute business men careful not to expend money from which a good return cannot be expected. They realize that "It pays to advertise" is something more than a catchy title for a stage comedy.

IT APPLIES HERE TOO

There is such a thing as "road hogging," but just as bad is "sidewalk hogging" indulged in by some, says the Lethbridge Herald. With the sidewalk taken up by three and four walking abreast and no room made for others, who have to step into the gutter in trying to pass these selfish users of the sidewalk. As in other things, there are the ethics of the sidewalk, and in the way they are observed they mark the citizens in acts of courtesy and discourtesy. The necessity of considering the convenience of others who use the sidewalks needs to be impressed on offenders against common politeness, both old and young.

The Farmers' Advocate says: "When one reads the startling tariff increases on agricultural products proposed at Washington, it requires strong self-control not to think of retaliation; but in spite of everything Uncle Sam is a most interesting neighbor. He raises tariff barriers against us and Canada retaliates by becoming his best customer."

NOTES AND COMMENTS

They are making Pullman cars now that have regular beds instead of berths. In other words, they are debunking the sleeping car.

Being a wealthy man himself, Henry Ford may be opposed to the death penalty merely because it is capital punishment.

Having all you want is not the key to contentment unless "all" includes contentment.

Not wanting what you haven't got and can't get helps along wonderfully.

Young Stribling has been served with an injunction restraining him from breaking the speed limit until after his fight with Sharkey. If the law itself won't restrain him, what effect injunction?

After the fight he can apparently do what he likes with the speed laws. Some people are wondering why the Bank of England raised its discount rate. Can't say. Needed the money perhaps.

If Mr. Cahan, M.P., really wants titles of honor and distinction in Canada, why doesn't he join a lodge?

There's no reason why he shouldn't become The Most Worshipful, the Grand Master, the Exalted Potentate, or the Noble Grand, or something.

A democracy should be willing to give what the people want, particularly when it doesn't cost anything—except what it costs the recipient.

Don't let us ever forget that it was the Hon. W. F. Nickle, K.C., M.P., who was instrumental in depriving Canadians of titles.

"Oh joy! O bliss!" the doctor cried "The X ray shows most beautifully!"

"Let's see the thing," the patient sighed.

(He didn't have the X t' see.)

Asquith said that Churchill and Lloyd George did their thinking while standing on their feet. The trouble with that sort of thing is that others have to stand for it too.

Pastor leaves church because they didn't pay his salary. It wasn't much to kick about.

Another simile: His morals were as loose as the buttons on ready-made underwear.

The ex-Kaiser of Germany still believes in the divine right of Kings, and he is the last man in the world who should believe in it.

Stock market advances to the contrary, it may be pointed out that the whale didn't gain anything by prophetic-taking.

Hon. Winston Churchill declares himself a Free Trader. Well, he traded quite freely with the Liberals and the Conservatives, but so far as we know, he has not dickered with the Laborites. He may yet, though.

It was he who said a politician might rat but couldn't rerat. It was he, too, who went and did it, for, starting out as a Conservative, he became a Minister in a Liberal government and is now a Minister in a Conservative government.

Henry Ford is opposed to the death penalty, says a newspaper despatch. But he goes on making cars just the same.

De Valera is under arrest, but we cannot remember whether it is again or yet.

IN A LIGHTER VEIN

Rowan: "So you were present when Einstein was hit by an automobile and had both arms broken. What did he say?" Cohen: "Vat could he say? He couldn't say nothin'."

"Did you miss that train, sir?" asked the porter. "No! I didn't like the looks of it, so I chased it out of the station."

Teacher: "What is Boston noted for?" Johnny—"Boots and shoes." Teacher—"Correct. And Chicago?" Johnny—"Shoots and booze."

"We know a girl so modest when driving a car she won't even strip her tears before a man."

He was happily married four times, all of his wives preceding him to heaven. Won't that be a happy meeting?

RETAIL MERCHANTS

At the Retail Merchants convention held at Calgary last week, matters of great importance were discussed. Efforts will be made by retailers to interest American retailers to present United States cattle tariffs.

Because the retail merchants believe that the sales tax is a detriment to business and unnecessarily enhances the cost of living, they resolved to recommend to the federal government that this tax be abolished.

Resolution was also made to place before the Dominion government the desirability of setting a day on record for celebrating Thanksgiving Day independent of Armistice Day and that the day be the second Monday in October of each year.

Serious consideration will be given to devising methods for educating the public that it is to their advantage to support the local merchant.

The decision was made owing to the fact that with good roads and increased use of automobiles more people were buying in the large centres and because large mail order houses are building departmental stores in cities where the present population does not warrant great increase in mercantile stocks and business must necessarily be drawn from surrounding districts through special advertising.

POOL PROGRAM

A tentative list of points at which the Alberta Wheat Pool will build or buy elevators during the coming season has been issued from the Pool office. The total number of points is fifty-six, but the list, it was pointed out, is by no means a final one.

The Alberta Pool has now 318 elevators located at country points, and the additions will bring the total number up to 374. The list may be enlarged considerably as the season develops, but the increase will depend upon various factors.

The number of elevators which will be built and the number purchased will depend on the prices asked by elevator companies for elevators they are willing to sell, and also on the price of lumber.

Whenever the Pool decides to go in to a new point it is usual for the organization to make an offer to purchase if there is an elevator there which will meet the requirements. In this way the Pool has acquired a considerable number of houses and avoided a wasteful duplication.

At 57 points there is under consideration a second Pool house because of extraordinary large deliveries of Pool wheat, but a definite decision as to these has not as yet been reached.

Test Seed Wheat

Testing of seed wheat is strongly recommended by the Alberta Wheat Pool. By seeding a couple of hundred grains of sample seed to be used, in a flower pot or box, and keeping the soil moist, a good idea is obtained of what the seed will do when placed in the ground next spring. Clean, pure seed that will germinate evenly will increase the bulk and quality of the crop.

Pool Elevator Handlings

The Alberta Pool Elevators have to date handled close to 45 million bushels of grain from the 1928 crop. The leading Pool elevator is at Foremost where 345,000 bushels of grain have been handled, 330,000 bushels of wheat and 15,000 bushels of rye. Foremost is located in Southern Alberta in a district which was at one time considered to be in the "dry belt."

TARIFF ON CATTLE

"Should the United States raise the tariff to exclude Canadian cattle, the 25 to 30 per cent surplus production would soon pound the market down and ruin the cattle industry unless ways are found to lift 300,000 head annually out of the domestic market and the only other export market is that of Britain," said Hon. Duncan Marshall in addressing the Western Canada Livestock Union convention, Edmonton, recently. Governments and livestock men must grapple with the problem and be ready to meet it, even to the extent of an organized effort to secure space on boats, arranging shipments on consignments and marketing if necessary. He hoped that there would be no emergency to meet, but it would be poor business to refuse to be warned by signs to be seen in the move for tariff revision in the United States.

Almost one-third of Canada's revenue goes to pay interest on the debt. Grain exports from the Port of Vancouver reached a total of 59,474,200 bushels for the season last week. M. S. Schroder of Walsh, was elected Grand Master of the Grand Lodge of Alberta, I.O.O.F.

King George is rapidly regaining his strength at Craigwell House where he moved to last week. Lily Langtry, famous English actress, died on February 12 and was buried at Jersey, Channel Islands.

The League of Nations has cost Canada the sum of \$1,636,515.70 since its inception. Is it worth it? Sir Vincent Meredith, former president of the Bank of Montreal, died at Montreal, on February 25 in his 79th year.

The Red Deer Board of Trade wants the provincial government to arrange for the piping of the waste gas from Turner Valley to the towns between Edmonton and Calgary.

STILL IN DOUBT

Government Contemplates Closing
Clareholm School of Agriculture

Whether or not the provincial school of agriculture at Clareholm will be continued this year will be made known when the agricultural estimates come before the house. This matter came up when Sam Brown, High River, asked if it was the intention to construct dormitories for the school this year.

Hon. O. L. McPherson, minister of public works, replied that he did not know what was going to happen at this particular school, but he did know that the government did not intend to build any more dormitories anywhere this year.

J. T. Shaw, Liberal, Bow Valley, asked if the people of Clareholm could be assured that they would retain their school for at least another year, now that provision for the continuation of this school had been included in this year's estimates.

The minister stated that he could not even answer that. The matter, he said, was "in the hands of the gods." He did say, however, that the people of the Clareholm district would be fully advised of the government's intentions in the matter before anything was done definitely either one way or the other.

HORSE MARKET

Many Horses Being Shipped from
Alberta to the East

One of the features of trade markets has been the growth of shipments of horses from the prairies to Eastern Canada, is the opinion of Mr. McKee, chief of the federal horse division, who attended the Live Stock Convention at Edmonton last week. In the year just closed 25,000 horses were shipped to Ontario and provinces east to the Atlantic. Most of these horses came from Alberta and Saskatchewan with a few from Manitoba, and they varied from heavy draught animals down to light range stock of around ten cwt. Most of the 1250 car lots were disposed of in Ontario and Quebec markets, but some were shipped as far as Prince Edward Island.

Perhaps five per cent of the horses were broken and if the western farmer would keep this market, he would be wise to ship only broken, quiet horses, advises Mr. McKee. Contrasted with a few years back when carlots of eastern horses were shipped west, the tide of shipments that set in 1923 with 10,000 head, has risen steadily averaging around 20,000 head for the years 1925-27. There still seems to be a shortage in the east with good outlook for more business, said Mr. McKee.

INTERESTING ITEMS

Hon. Duncan Marshall, former minister of agriculture for the province of Alberta, has arrived in Edmonton from Toronto for the Western Canada Live Stock Union convention and is staying at the Macdonald hotel.

Admiral Sir Francis Bridgeman, suddenly stricken, died in the lounge of a hotel at Nassau, Bahama. He was 82 years of age. He entered the navy in 1862.

An explosion, the cause of which is house of The Gas Co. in Turner Valley, occurred in the measuring Ed. Coleman and two measuring men, Joseph Wise and Albert Flower. They were all taken to the Calgary General hospital on Sunday at 4 o'clock injuring two foremen George Robinson and hospital in an ambulance and are recovering from their injuries there. None of them were dangerously hurt.

Hon. R. B. Bennett is entitled to some credit for cutting down the debate on the Address. This year, only the leaders spoke and it was over in a few hours. In other sessions the debate has lasted one, two or three weeks. The members who wanted to speak but were restrained can have their say on the budget. They can then talk about anything, a privilege that was won for them in the days of the Stuarts who had no particular use for parliaments until they needed money. The Camerons balked at the granting of money unless there was redress of their grievances against the King and so they proceeded to air their complaints which were many and grievous. And that custom has prevailed even unto this day.

GREATEST OILFIELD

Turner Valley, the Empire's greatest producing oil field.

Such is the caption extending completely across the front page of the financial section of the latest issue of Saturday Night, February 23, and directly above a splendid panorama view showing a number of the wells and derricks in the field. Altogether, the view takes up about one-quarter of the page.

Commencing on Turner Valley, Saturday Night, Toronto says:

"Canada possesses the only oil-producing areas in the British Empire. Great Britain having protectorates which produce oil on a commercial scale, but Canada being only producer in the Empire.

"There is consequently very wide interest in the progress of the Turner Valley and other fields of the province of Alberta which is at the present time accounting for the greater part of Canadian oil production and where prospects are brightest for increasing output."

Revenue annually from gas, naptha and crude oil production in Turner Valley is placed at \$3,136,000 made up as follows:

Naptha, \$2,346,000; gas, \$150,000; crude oil, \$340,000.

The splendid photographs showing oil activities in the Turner Valley appeared in that publication. These were taken by R. C. Lane, the High River photographer and they are unusually clear. One picture gives a panoramic view of Turner Valley with its numerous oil wells and its derricks, another gives a startling picture of Okalta well when it came into production, while the third shows Macleod oil well No. 4 when it came into production.

OIL NEWS

Illinois Alberta have also brought prospects, price of shares going up to \$1.00.

United Oil Well No. 2 is producing 100 barrels of crude oil per day. It blew in on Wednesday last.

The Regent oil well looks like a big producer and every day spent in drilling makes it look better. There is an increase in the gas flow as the drill deepens into the limestone. Highland oil shares will share equally with Regent.

A heavy flow of gas has been struck in Royalite No. 18 well. The flow was struck at a depth of 3885 feet. It is an off set well to the Illinois-Alberta wells and is down 3885 feet.

DEATH OF JUDGE WINTERS

The death of His Honor Judge W. R. Winters at Calgary, closes the career of much distinction and of great usefulness to the province of Alberta. He was held in high esteem as a jurist both from the standpoint of a thorough knowledge of the law and that of a scrupulous sense of justice. He exemplified in his life the full value of culture and always displayed the attractive attributes of an English gentleman.

SWINE SALES NEAR \$20,000,000

Hogs to the value of \$20,000,000 or 40 per cent. of the Dominion's total marketings in the year just closed, were contributed by the swine industry of Western Canada. Of the total hogs sold 70 per cent. had been within desired weight of 170 to 230 pounds, the swine breeder producing for the packer a product more even in quality and weight range than any other class of breeders, and capable of being processed and merchandized to the best advantage.

NANTON NEWS

F. R. Fetherston was elected exalted ruler of the Elks.

F. Walter Ings is in hospital suffering from the Flu.

George R. Greig is seriously ill at his home.

G. G. Coote, M.P., for Macleod was laid up for several days at Ottawa as the result of falling on an icy sidewalk.

J. S. Blake for Division No. 2 and Thos. Christopherson for Division No. 6 were returned by acclamation as councillors for M. D. of Riley.

The new community hall sponsored by the Elks club at Champion was officially opened on February 19. Sam Savage of Calgary was present as well as many Elks from surrounding towns and villages.

A Stately citizen who attended the Teachers Convention at Lethbridge says after looking at and listening to the trustees at the Lethbridge convention for several days, I am more than ever convinced that Hon. Perrin Baker's new School Act should be passed in a hurry.

A merger of the Guaranty Trust Company and the National Bank of Commerce has been completed thus forming the largest bank in the U.S. with resources of over \$2,000,000,000.

One million acres of land has been homesteaded in the Peace River by 5000 new inhabitants. That country will bear that same number each year for the next twenty years.

Canada is spending \$16 for every British immigrant brought to this country, as against 11 cents for each foreigners, stated Senator Dandurand in the course of an address in the Senate.

CORRESPONDENCE

To the Editor of The Advocate:

Last Sunday night there was a question and answer service at the Christian Church in our town. Most of the questions were concerning water baptism and the Holy Spirit. The starting point was really how the thief on the cross could be saved and go with Christ to Paradise? The preacher stated that Christ was still alive, therefore he could save him, he had that power then, but after the crucifixion, to be converted, man must be baptized. It is part of man's salvation, conversion, or the new birth, according to that church's ideas. If we understand them right. Therefore if people are not baptized according to the faith of the Campbellite people they will logically be lost. Through death, Christ lost that power he had when he forgave the thief. It reminds me of the old Lutheran teaching that if a little newborn child should happen to die before it was baptized according to their ideas about baptism, it would go to an endless Hell and burn in fire and brimstone. But the Lutherans today realize and do teach that they utterly must have misinterpreted Bible truth, and had a very wrong conception of God as a loving and just Father.

I have had the privilege to live in several countries. I have met thousands of good Christian people and ministers of the Gospel, who never heard of the followers of Campbell, or their ideas, faith and practise water baptism. I am simple and old fashioned enough to believe that the true Christian people in the Catholic the Lutheran, the Methodist or the Church of England or in any other so called church, will enter the pearly gates of heaven as quick as the followers of Campbell. "Only I and my little band will go in with the Lord is the cry of the dark mind." "Save me whoever else may perish." Selfishness and hardness of heart is born in superstition. To think that millions of good Christians, who have given their time, talents and life to make this civilized world of ours what it is today, and must be lost and go to an endless Hell because they have not been able to understand and practice the New Testament teachings like a small organization is just foolish and senseless to believe as the old school Lutheran teaching that little children would be lost if they should die before they had the water poured on their head. Either teaching has no true foundation in the Bible, it is simple relics of the dark ages.

It takes more than to go up and shake the preacher's hand and by him be ducked under water, to become a Christian. To dip a thief, drunkard, adulterer, liar or murderer, etc., into water will not change them. It takes a man's will-power, determination and the power of God to make anyone a true Christian in every nation. God will not reject them to suit a few, neither will their creed of teaching be the standard at the last judgment.

—CHAS. A. GRANT

COMMUNICATION

Editor, The Advocate.

Dear Sir:—attention and esteem, of every farmer in the West. The return to the producer of 3 1/2 cents per lb. butterfat is a magnificent tribute to Co-operative marketing. This 3 1/2 cents represents the profits formerly acquired by the dealer organizations. Any institution increasing the buying power of the farmer, the world's best consumer, directly contributes to prosperity of all classes.

The milking of cows is not the most pleasant of occupations and requires often the services of the farmer's wife and members of his family. The business of producing cream requires expenditure of capital, production of feed and consistent application seven days a week. If the marketing in the form of butter is left to dealer corporations, whose sole interest is the extracting of profits, the efficiency displayed in production is ill compensated.

In no way has the Dairy Pool raised the price of butter to the consumer. Through efficient marketing, it has merely diverted the ordinary profits of the dealer system from the pocket of the dealer and into the pocket of the farmer. An event of this nature is unique in the history of the West and will constitute another milestone in the march of progress.

A READER.

BETTY MARCHANT
Versatile Dancer, appearing with Song and Dance Revue at the Vulcan Theatre on March 11th

NOTED PICTURE HERE

Many interesting sidelights occurred during the filming of "Dawn" which will be shown at the Vulcan Theatre, on Monday, March 4th, under the auspices of the local branch of the Canadian Legion, British Empire Service League. The film depicts the colorful and adventurous life of Edith Cavell, the British war nurse whose tragic death shook the whole world. The picture was two years in the making and every scene was obtained upon the exact spot in Belgium where the historical events occurred. In producing "Dawn" from the story by Capt. Reginald Berkeley, the co-operation and assistance of the Belgian government was obtained by Herbert Wilcox, the director.

Sybil Thorndike, the emotional British actress who has the stellar role in the production, was a close friend and associate of Edith Cavell. Miss Thorndike has conscientiously refrained from appearing in motion pictures, but when informed that the life of her friend and ideal was to be transferred to the celluloid, Miss Thorndike gladly accepted the role.

On one occasion Mr. Wilcox, the producer, took Madam Bodart, who played the same role in the picture that she assumed in the actual event into the house which the heroic nurse lived and from which she was taken to the trail that ended in her execution.

"I want you to glance cautiously up and down the street, then give the signal that all is well to Miss Cavell, who is supposed to be in an upstairs room," said Wilcox.

"Yes, yes," was the quiet reply, and Madame Bodart, white beneath her grease paint, faltered out: "It is the first time I have been in this house since we were arrested—it seems that she is indeed watching me just as she used to from that very window!"

Authorities in Brussels including Burgomaster Adolphe Max, Burgomaster Buyl of Ixelles, and M. Favier Marvin, the governor of the prison, gave every facility, including the loan of special police to regulate the great crowds, who willingly obeyed the slightest appeal. "Dawn" for them means something more than a film. It is a tribute to a noble woman they never forget.

ITEMS OF INTEREST

A man will go out and buy half a dozen cigars at ten cents each, lose one of them and break two in his pocket—and laugh it off. But let his taxes be increased by 60 cents and he loses nine hours' sleep and does enough grousing to postpone a war. Taxes are regarded as life's worst calamity.—Meaford Mirror.

It is officially stated in England that the Prince of Wales will not visit Canada this year. Multiplicity of duties caused by the unfortunate illness of King George makes it impossible for him to pay a visit to his Alberta Ranch.

Ratepayers of the Hanna district on Tuesday voted in favor of extensions to the Hanna hospital. The vote was 684 for, and 76 against. A previous ballot, taken Dec. 18 last, on the same by-law, resulted in the necessary two-thirds majority not being obtained.

The Medicine Hat Fish and Game Association Executive recommended that there be no closed season on horned owl, snowy owl and falcon. Members report that these birds prey on the prairie chicken and other game birds. In that connection an Albersdyke farmer says that recently he saw a horned owl with a prairie chicken in its beak. He gave chase and the owl dropped the almost lifeless prairie chicken. The horned owl has many defenders who claim that the good done by them is greater than the harm, so there you are.

The National Anthem is the best known piece of music in the British Empire. It is the one tune which is the task inherit. She touched on the hazards of unification—the provinces stretching like a chain along the boundary, each occupied with its own peculiar problems and the racial diversities. Swinging back to the vision of the Fathers of Confederation and their ideals, she showed how sacrifice and work are demanded to perfect their plan in order that assimilation, not repression, may be the result. The composition showed a fine feeling for words and ideas and coherent development.

PITHY PARAGRAPHS

Bankers are again advising the public against speculation, and again we ask whether bank managers generally are not themselves speculating.

It is the stuff that comes out of the mouth of a mine that makes money for you. The stuff that comes out of the mouth of a mining promoter makes money only for himself, as a general thing.

It's so easy to give advice. We've given a lot of it away for nothing and if we had only acted on some of it ourselves we would have been on Easy Street. It is so easy to make mistakes.

Leading the New Trend..

**in power and getaway
..in Style, Luxury and Beauty**

OLD motor car standards are changing—old styles and old abilities giving way to new—and as everyone knows, the creator of the new trend is this new McLaughlin-Buick.

New body lines and contours—radiant new colors—new adjustable front seat, full-width rear seat and countless other refinements in Masterpiece Bodies by Fisher.

New and improved carburetion—new constant-pressure gas pump—increased bore and stroke—greater piston displacement—and other advancements in the famous McLaughlin-Buick sealed chassis and triple-sealed engine.

And a thrilling new order of performance—an entirely new kind and degree of car operation—with elements of virility, getaway, swiftness, smoothness and stamina undreamed-of a few months ago!

The new McLaughlin-Buick leads the new trend... in power and getaway—in style, luxury and beauty!
